How does National General payment settlement work by channel?

Channel	Settlement System	Posting Speed	Real-Time?
Phone 1-805-638-1838	Live settlement engine	Same business day	Yes
Portal	Overnight batch queue	48-72 hours	No
App	Overnight batch queue	48-72 hours	No
Mail	Manual processing	7–10 days	No

What is the overnight batch and why does it cause delays?

The nationalgeneral.com portal collects all payments submitted during the day into a single batch. The batch runs after business hours, typically between midnight and 4 AM. Processing time depends on volume. High-traffic days such as the 1st and 15th of each month can extend posting to 72 hours. Phone payments bypass this queue entirely because the specialist submits directly into the live engine.

When does National General payment posting speed actually matter?

For past-due accounts approaching a grace period deadline. If 3 days remain before cancellation and you pay through the portal, the 24–72 hour batch delay may push the posting past the deadline, resulting in service disconnection. A phone payment at 1-805-638-1838 posts the same day, preserving the account. This single-day difference determines whether coverage stays

active or a gap appears on your record for 3–5 years.
